

## MY COSMIC ADDRESS

“The child will develop a kind of philosophy which teaches this unity of the universe; this is the very thing to motivate his interest and to give him a better insight into his own place and task in the world and at the same time presenting a chance for the development of his creative energy.”

- Maria Montessori

Join us for a 7 week cosmic adventure inspired by the Montessori Cosmic Nesting Box that will take your child through the Milky Way Galaxy all the way to their hometown in the state of TN. Through stories, art, science experiments and more your child will learn the interconnectedness of the web of life. Join us to make a solar system out of fruit, use watercolor to make the Milky Way Galaxy, learn the layers of the Earth with playdoh. Listen to folktales from around the world and learn how storytelling connects us all. Do you know Tennessee’s state fruit? Your child will after spending the week learning about Tennessee with us! We are so excited for your children to join us on our cosmic journey this summer!

Email [office@montessorifranklin.org](mailto:office@montessorifranklin.org) for more information and an enrollment form!
